LEGIO X - NIJ Level 4 SA Male & Female

MSRP STARTING AT **\$787.00***

SALE \$739.00

AVAILABLE IN BOTH
MALE & FEMALE CUTS

* MSRP Price For LG Size

LEGIO X is a great plate for any environment, this composite plate is rated NIJ Level 4 with the ability to stop additional threats as well.

Armourers Choice features a new polymer that offers a thinner, lighter and more affordable solution with the best multi-hit capability on the market. ACI's innovative polymer design embodies the toughness of a thermoset and the durability of a thermoplastic.

The Legio X is the market leader in NIJ Level 4 plate design, weighing in at 2.545 kg. It is capable of defeating the M2AP and additional threats in the same classification.

NFG - INVADER PLATE CARRIER

STARTING
AT **\$118.75**

Material: Heavy-duty 600D Oxford

Color: Black

Size: Uni-Size (one size fits most)

Protection Level: Level IIIA against 9mm & .44 MAG

Protection Area: Front & back against NIJ Level IIIA

NFG's Invader Plate Carrier is engineered to provide low-profile, lightweight integration to your MOLLE compatible gear. Place your armor plate in the front and back pockets and in the hook and loop pockets on the side of the cummerbund for maximum protection. The cummerbund is fully detachable and adjustable. It can extend to 56", making it one size fits most. Attach additional pouches and accessories with the laser cut MOLLE-compatible straps located on the front and back of the vest and the sides of the cummerbund (14 rows on the front and back, and 5 rows on the cummerbund). The top 4 rows of MOLLE straps on the front and the back are loop-covered for patch attachment. For added protection, the tactical vest comes with interior air mesh padding. Holds Front, Back, & Side Plates, as well as Front, Back, & Side Soft Armor (If not using side plates, you can use side pockets to hold additional equipment). Store your phone, keys, and other small essentials in the top front hook and loop admin-type pocket. The adjustable shoulder straps feature detachable pads for added comfort and hard ABS plastic quick-release buckles. If you want to add a hydration pack, the MOLLE vest includes hydration hose points on both shoulder straps for a convenient water source while in the field. In case of an injury, the back of the military vest offers an emergency drag handle so your comrade can pull you to safety. Designed with denier nylon/polyester and laser-cut MOLLE, NFG's Invader Plate Carrier is ideally lightweight so that you can move freely while in combat. Available in Black.
